We honor our origins, we know where we come from and that makes us move forward. Our wines are permeated with the earth, their spirit is free like the countryside and their character firm as our traditions.

LAS CASAS DE VAQUERIA

In Las Casas de Vaqueria estate, in the Maule Valley, there is the oldest house among our vineyards. It was built in the 19th century, known as the “colonial era” in Chile.

Thanks to the ideal combination of our terroir, old vines and the perfect climate, our winemakers are able to offer these Chilean Premium wines inspired by the tradition and history of the Chilean country.

OUR WINEMAKER

Felipe Ortiz

Agronomist Enologist Engineer, scholar of the prestigious association of agronomist engineers of Chile (ANIAE).

Felipe has developed his career in France, USA, Australia and Chile, he maintains that the Maule Valley has a variety of characteristics that ensure:

White wines with very fresh and mineral traces, in particular our Sauvignon Blanc. Red wines with short maturity cycles showing a very good balance between alcohol and acidity, like Merlot and Cabernet Sauvignon.

And above all, a nice and silky Carmenere, a tricky and demanding variety which is hard to mature properly in other valleys.
